The aspirants interested in the **International English Language Testing System (IELTS)** for non-native English language speakers, jointly managed by the British Council and Career Counseling and Placement Centre, University of Kashmir, should visit our Centre for Registration.

Why choose IELTS?

- It is developed by some of the world's leading experts in language assessment and evaluates all of your English skills — reading, writing, listening and speaking. IELTS is one of the most trusted English language tests around the world with more than 10,000 organizations recognizing it internationally. It is accepted by educational institutions, companies, professional bodies and government organizations in the UK, the USA, Australia, Canada, New Zealand, Singapore, Europe and 140 more countries around the world. There are two IELTS tests – IELTS Academic and IELTS General Training. You need to choose the test based on your requirement.
- **IELTS Academic** – assesses whether your degree of English language proficiency is appropriate for an academic environment. The test reflects aspects of educational language and measures whether you have the required English language ability to study successfully in an English-speaking environment.
- **IELTS General Training** – assesses the candidates English language level to function effectively in everyday situations. The questions in the test relate to both the working environment and social circumstances.
- If you are taking the IELTS test to apply for the UK visa for study, work or live there, then you may need to take the IELTS for UK Visas and Immigration (UKVI) Academic or General Training or the IELTS for Life Skills test.
