

## (Seminar on HealthCare)

**EAO HealthCare project** is an IT initiative to help patients from rural areas to get information about the medical practitioners and doctors in urban areas.

Centre for Career Planning and Counselling facilitated the event which was held on **27<sup>th</sup> April, 2014** at University of Kashmir Central Library. The project aims to attract young minds that are willing to work on the project having following benefits for them:

- Industrial Exposure to Project management
- Employment opportunities in Kashmir
- Employment opportunities outside Kashmir. (Bangalore, Delhi etc)
- They will get chance to work under the guidance of experienced engineers and management members.
