**Across the globe pharmacists,
pharmaceutical scientists
and pharmacy educators
are making people healthier**

In 2015, 17 Sustainable Development Goals (SDGs) were adopted by the United Nations as a universal call to action to end poverty, protect the planet and ensure that, by 2030, all people enjoy peace and prosperity. Goal 3 is good health and well-being for all and has 13 targets.

This World Pharmacists Day 2022 resource gives some examples of the invaluable actions of the pharmacy profession towards these targets.
